

1 May 1978

MEMORANDUM FOR: Director of Central Intelligence
FROM :
Special Assistant to the DCI
SUBJECT : Defense Intelligence School

STAT

1. Without regard to the quality of courses, a look at space requirements in the attached table (constructed from information in the DIS catalogue) reveals the following:

Students (monthly totals)

° Most ever on board	:	220 (25% of time)
at one time	:	66 (25% of time)
° Least	:	161 (50% of time)
° Average	:	

Classroom Needs (@30 students/room)

° Most ever needed	:	7.6 (25% of time)
° Least ever needed	:	2.2 (25% of time)
° Average needed	:	5.3 (50% of time)

2. The existing facilities would appear to be more than ample for these numbers.

Classrooms: 37

7 large - 40-50 students each
30 small - 12-15 students each;
used as seminar/
study/home rooms

Auditoria: 4

2 large - over 100 persons each
2 small - around 50 persons each

Libraries: 3

1 classified
1 unclassified
1 vaulted (code word material)

3. The existing faculty would also appear to provide an enviable student/teacher ratio:

Of 83 total staff and faculty, about 52 are teaching faculty.

Student/Teacher Ratio:

@ maximum on board count of students: $\frac{220}{52} = 1:4$

@ minimum on board count of students: $\frac{66}{5.2} = 1:1$

@ average on board count of students: $\frac{161}{52} = 1:3$

Few universities in the U.S. are much below 1:15.

STAT

		Taught (15 days or more during the month)
